---

## Profile Summary

Results-driven Software Developer with 2+ years of experience in designing, developing, and deploying scalable web applications and enterprise systems. Skilled in React, Laravel, and Drupal, with strong expertise in building REST APIs, headless CMS architectures, and full-stack solutions. Proven ability to optimize performance, automate workflows, and deliver business-focused solutions in fast-paced environments.

## Work Experience

### **Software Developer** | BusyWizzy Technology Solutions Pvt Ltd | Aug 2024 – Present

- Developed a full-stack corporate website and headless CMS using React 19 and Laravel 12, enabling dynamic content management across 10+ modules with a scalable SPA architecture (15+ routes)
- Designed and implemented 30+ REST APIs reducing frontend integration time by 40% with JWT-based authentication, supporting modular frontend integration and secure communication
- Built a comprehensive admin panel with CRUD operations, dynamic JSON-based configuration, and media/file management (images, SVGs, attachments)
- Architected and optimized relational database schema (20+ migrations) and implemented Excel import pipelines with validation workflows
- Engineered scalable frontend systems using React hooks, code splitting, and performance-optimized UI components
- Implemented SEO optimization (React Helmet), scroll-spy navigation, and dynamic rendering for enhanced UX and discoverability
- Developed and integrated third-party services including Google Maps API (with fallback logic) and WhatsApp API for automated workflows
- Built robust backend systems including RBAC, audit logging, async queue processing, and complex business logic (tax workflows, PDF/XML generation) following clean architecture (Admin + API separation).

### **Prompt Engineer** | SoftAge Information Technology Ltd | Mar 2024 – Jul 2024

- Engineered and optimized prompts for AI systems to improve response accuracy and relevance
- Built structured datasets for training and evaluating NLP models
- Transformed AI-generated outputs into human-like, production-ready content
- Collaborated with teams to enhance AI-driven workflows and content generation pipelines

## Skills & Competencies

**Programming & Frameworks:** React, Laravel, Drupal, JavaScript, PHP, Excel

**Frontend & UI:** Vite, Tailwind CSS, Bootstrap, jQuery

**Backend & Architecture:** REST APIs, Headless CMS, MVC, SPA

**Database & Tools:** MySQL, SQLite, Git, Composer, npm, Docker

**Documentation & Communication:** Technical documentation, cross-functional collaboration

## Education

MCA (Computer Science Engineering), SGT UNIVERSITY– 2022 to 2024

B.sc (Computer Science), Swami Vivekanand Subharti University—2019 to 2022

12th from Universal Public School, Gurgaon (CBSE) – 2019

## Languages

- English
- Hindi

## Certificate

Randstad AI Skills Accelerator

## Award

### **Employee Excellence Award**

Recognized for delivering impactful solutions with innovation and efficiency.
